Mission Statement

The Gloucester Protection Camp has been initiated and established by Groundswell Gloucester to provide a base for Gloucester and Manning Valley residents and their many supporters from far and wide to undertake Non-Violent Direct Actions to resist and halt AGL's Gloucester Gas Project in the local area.

We are taking a stand to protect our communities from coal seam gas exploration and extraction. The established risks of this industry to our air, our water and our health are great and the benefits to our communities are few.

We do not want this dangerous industry in our neighbourhoods and we will continue to fight until our valleys are protected. Our commitment is non-violent and non-negotiable.

Code of Conduct

The Gloucester Protection Camp has been granted a Development Application approval by the Gloucester Shire Council to operate on a private landholder's land under strict conditions despite strenuous objections from pro-mining forces in the community and the Local Area Police Command.

We are grateful of your support and ask that, as a condition of your registration at the Gloucester Protection Camp you make yourself fully aware of and abide by these consent conditions for the benefit of all involved.

The Gloucester Protection Camp will operate under a peaceful, non-violent Code of Conduct and registered campers and visitors will be expected to;

- Behave peacefully at all times and never use insults, provocation or intimidation.
- Treat all people with respect at all times. This includes other camp participants, visitors, AGL staff and contractors, the police, the media, neutral observers and provocative non-supporters.
- Take responsibility for your actions and remember that the things you say and do inside and outside the Camp will reflect on the whole group.
- Always act in accordance with the objectives of the Camp and treat the landholder's property with respect.

Camp Agreement

Please help make our Camp a success by respecting the following agreement and Council consent conditions;

- All Camp participants need to provide their name and contact details and show photo ID if requested. We are obliged to ensure that everyone registered at the Camp is who they say they are. We are proud of our actions to protect our communities from CSG and none of us here are hiding our identities.
- Undertake the Induction tour and briefing as soon as possible after your arrival.
- Participate in a legal briefing as soon as possible after your arrival.
- Be prepared to contribute in some meaningful way. This is a working camp – there are no passengers, we're all crew. We need "lifters not leaners!"
- Be responsible for your children.
- Domestic pets, unfortunately, are not permitted on site under the consent conditions.
- No alcohol or illegal drug use is allowed.
- Under no circumstances are weapons or illegal items to be brought on site.
- Decisions about the running of the Camp are made by the Management Committee operating under the consent conditions imposed by the local Council.
- Decisions about the running of protest actions will be made by consensus at daily meetings. Please remember, however, that the Gloucester campaign organisers retain control over the direction and strategy, including the nature and objectives of those actions.
- Please always behave in accordance with the Code of Conduct and Mission Statement for the Camp.
- If approached by the media please direct them to our media spokesperson.
- If approached by the police please direct them to our designated police liaison person.
- Remember that we have strict noise conditions imposed on the Camp. Please respect the rights of our neighbours to enjoy the amenity of their property without being disturbed.
- Please be respectful when posting images and comments on social media of Camp participants and events.
