

# Inspirational Gloucester

## COMMUNITY EVENING

One of the wonderful things about living and sharing in the Gloucester community is the inspiring legacy that has been built up over the generations.

Businesses and service clubs have enabled many people to give of their talents, wisdom and passion, which in turn have fostered the progressive 'can do' attitude and warm hospitality that everyone admires and respects.

It is very easy to find so many champions in the Gloucester region who are inspiring in their vision, commitment and dedication and this is especially prominent in the business arena.

In fact there are so many that we have only been able to include just a few.....and we look forward to this becoming a regular event. It will be fast, fun and leave you really inspired about where you live and why local business is there for you.
